FINAL TOTAL (LOWEST WINS)																		

Write the player names in the wide boxes at the top. After each hand, write the points left in your hand under Pts (the player who goes out scores 0), then add it to your running Total. The dealer moves one seat left each hand.

Card values: 2 to 9 = 5 · 10, J, Q, K = 10 · Ace = 15 · Joker = 15 (Wikipedia). Lowest total after hand 7 wins; a tie for lowest is a shared win.

Buy: take the top discard plus a penalty card from the stock. Some tables deal 12 cards from hand 4 (Pagat, Sun City).
