Round score: points on the table minus points left in your hand. It can be negative, and so can your total. **On the table:** your own melds plus every card you laid off on any meld.

Card values: 2 to 10 face value · J, Q, K = 10 · ace = 15 in a set or Q-K-A, 1 in A-2-3, and 15 against you if left in hand · joker = 15. **Game over:** when a total reaches 500 the highest total wins. An exact tie at the top means another round.
